## **The Burro Movie (working title)**

### **Subtitle: Understanding the Plight of the American Wild Burro**

#### **Synopsis:**

A non-political, not adversarial look at the current state of the wild burros living in Arizona, California, Nevada, New Mexico and possibly Utah. Identifying key groups/herds to represent their collective state. Provide non-disputable historic evidence of how the burros came first to the Americas, then came to be wild and free roaming. Include scientific evidence for and against wild burro management, Interview representatives from the three main divisions of the Department of Interior; BLM, USF&W and NPS. Include round up coverage, gentling/training and adoption (both PVDR and BLM). Interview advocacy groups both for and against management (Sierra Club/Wild Horse Freedom Federation). "Man On The Street" interviews with the general public; visitors to Oatman, AZ, people familiar with the Moreno Valley, CA burros.
